**“Everywhere pests go... count on PestCo”**

PestCo customises internal and external solutions for all types of rodents, insects, birds and critters.

By eliminating the factors that encourage or support pest populations, PestCo's Integrated Pest Management reduces the need for pesticides and exceeds international standards in pest control.

#### **Fully Trained Technicians**

Our Pest Technicians are registered with the Pest Management Association of New Zealand (PMANZ). Annual upskilling keeps them abreast of industry innovations and compliances.

#### **Health and Safety Inducted through SafeClean®**

SafeClean®, our Health, Safety and Environmental Management System reduces the risk of our work at your premises. SafeClean® ensures that risks are minimised and all Health and Safety compliances are met.

#### **AIB International Standards**

We operate to international standards set by AIB ( American Institute of Baking ). AIB sets globally recognised pest control, food safety and hygiene standards used worldwide by a variety of food and non-food industries.

#### **Committed to Quality Customer Service as Industry Professionals**

PestCo technicians are supported by CrestClean's local Regional Managers, streamlining account management and simplifying service requests and invoicing. Our robust reporting system will satisfy your pest control compliances. We help protect our customers' assets and reputation.

#### **Security Vetted and Insured**

All employees undertake a Ministry of Justice criminal background check, credit checks and confirmation of character by personal referees. PestCo holds Public Liability insurance cover of \$20 million.
